

Lighthouse School® 100 Cluster Newsletter

April 2009

Notes from the Homeroom:

Hello Everyone! We hope you all had a nice and relaxing April vacation. April has brought a lot of enrichment activities to the 100 Cluster.

The 100 Cluster participated in a token drive for the Lowell Humane Society. The students were very excited to be able to help animals that are in need. As a school, we were able to raise over 30,000 tokens. This was a great time to use the social responsibility process, to provide opportunities for children to understand and express their individuality in the context of successful participation in a pluralistic world.

With the warm weather finally here, students have been able to spend some much needed time outside. All the students in the 100 Cluster who aren't on any type of program were able to spend the afternoon outside on the playground and sports court. On Tuesday afternoons, the students have the opportunity to participate in Intramural Sports. This gives them a chance to learn the basics about different sports such as soccer, softball and basketball. This is a motivating activity for students to make good decisions and to show good sportsmanship. As you can see April has been a busy month!
