

Lighthouse School®
100 Cluster Newsletter
February 2009

Notes from the Homeroom:

This month flew by like a whirlwind! Students worked on various assignments and got in lots of studying! They were also able to participate in various clubs such as the Chess Club and the Craft Club.

The Varsity Basketball Team has been practicing very hard and played a couple of games.

The students and staff got a well-deserved break in the form of February vacation.

The month ended with cluster activities. Each homeroom got to choose from such activities as dancing, pizza-making, games and more.

March is our third annual Scholastic Book Fair. Students have been saving tokens to purchase their favorite books.

We here at Lighthouse School hope your March is more lamb than lion!
