

**April 2009
Lighthouse School®
300 Cluster Newsletter**

Notes from the Homeroom:

With the warmer weather now upon us, students are going outside and getting rid of the cabin fever that they have all felt this long winter. Spring sports are now starting up. Students have been selected for both the softball and golf teams, they have already started practicing hard. Congratulations to those who made the teams.

It was staff versus the varsity basketball team this month during our Cluster Activity Day. The students saved up their tokens and points to go outside and watch the game. Students cheered on their favorite staff members or peers! The kids all seemed to have a great time, and so did the staff.

Students have been working hard on creating yearbook pages. Each homeroom chose certain words, pictures, and items that they felt represented their class. These items were placed on a page that will be put together and displayed near the end of the school year.

April Vacation was a nice break. Everyone got the chance to unwind, take it easy and come back to school refreshed and ready to go. Hopefully, everyone got outside and took advantage of the nicer weather. Believe it or not, there are less than two months left. May and June will be full of activities including Academic Recognition Awards, our annual Transition Ceremony, Field Day as well as various room and cluster activities.
