

**Lighthouse School®
300 Cluster Newsletter
February 2009**

Notes from the Homeroom:

The start of February brought us the close of the second quarter and the beginning of the third. The 300 Cluster had many different home-room activities for February. The students were able to spend their tokens or points on a home-made breakfast of eggs, bacon, pancakes, waffles, bagels and assorted fruits.

The third quarter is in full swing. The students are back from vacation and are ready to hit the books. The Vocational Department has been studying Food Services. Students have worked on things such as properly setting tables, waiting on customers, following recipes, and cooking the food. Life Skills Math and Reading classes have been working on creating a weekly healthy food menu for living independently and budgeting for it at the grocery store.

The basketball teams are continuing to have a strong year and the Pep Squad has been at all the home games cheering them on. Keep up the good work Breakers!!!!

COMING IN MARCH

Lighthouse School will be having a Scholastic Book Fair. All students will have the opportunity to buy books and magazines with their tokens. The Varsity Basketball Team will once again be heading to the March tournament. We definitely have a broad range of activities to interest everyone as well as keep them motivated to earn tokens.
