

**Lighthouse School®
300 Cluster Newsletter
March 2010**

Notes from the Homeroom:

March has been a long yet great month for the 300 Cluster!!

Students were able to attend our annual Scholastic Book Fair. Many students worked very hard to save tokens in order to purchase books for themselves or as gifts.

While the third quarter came to an end, the 300 Cluster worked very hard to catch up and hand in assignments before grades closed!! Many English students are working on their research projects. Students have been able to pick a topic of their choice to complete research on and create a poster. Their great accomplishments have been put on display and the homerooms are filled with creative projects and posters!

Many students took the MCAS tests this month. Students tried very hard and spent a lot of time putting all their energy into the testing.

Students who had their assignments and binders organized were able to attend an ice cream social outside in March.

Our Basketball teams participated in an off-site tournament at UMASS Lowell. Both Junior Varsity and Varsity Teams made it far in the standings!! Go LHS Breakers!!!

We are looking forward to Spring weather and more outside activities to come in April!!!
